## INTERNET PUBLIC ACCESS

---

### **The Internet as a Library Service**

Access to the Internet promotes the mission of the La Grange Public Library (Library) to provide community members the inspiration and the means to learn, explore, and connect throughout their lives. The Internet provides an opportunity to enhance and supplement resources that are available within the Library.

### **Relationship to Other Library Policies**

This Internet Public Access Policy falls within and complements all other Library policies.

### **Library Patron's Rights**

Patrons have the right to equitable access to the Internet in accordance with the:

1. United States Constitution: Amendments 1 and 14
2. ALA Library Bill of Rights
3. ALA Freedom to Read Statement
4. ALA Access to Digital Information, Services, and Networks Statement.

The La Grange Public Library will work to preserve and protect these rights.

1. Any patron, regardless of age, has freedom of choice when searching the Internet.
2. We do not charge a fee for access to the Internet or WiFi network. In order to allow as many people to utilize the computers as possible, staff members will limit the time of users.
3. In order to use a La Grange Public Library computer, patrons are asked to present a valid library card.
4. Patrons not eligible for a library card in a SWAN (System-Wide Automated Network) library may be given a Guest Pass for one session.
5. The Library does not monitor, and has no control over, the information accessed through the Internet and cannot be held responsible for its content.
6. The Library recognizes that the Internet may contain material that is inappropriate for children. Parents or guardians are encouraged to monitor and supervise their children's use of the Internet. Parents should discuss with their children issues of appropriate use and Internet use safety.
7. Patrons under the age of 18 are allowed to access the Internet unless a parent requests a restriction on their library card.

### **Staff Assistance and Instruction**

Library staff may provide assistance to patrons regarding the use of the Internet as time and staff knowledge permits.
